# Regain THE freedom OF YOUR HOME

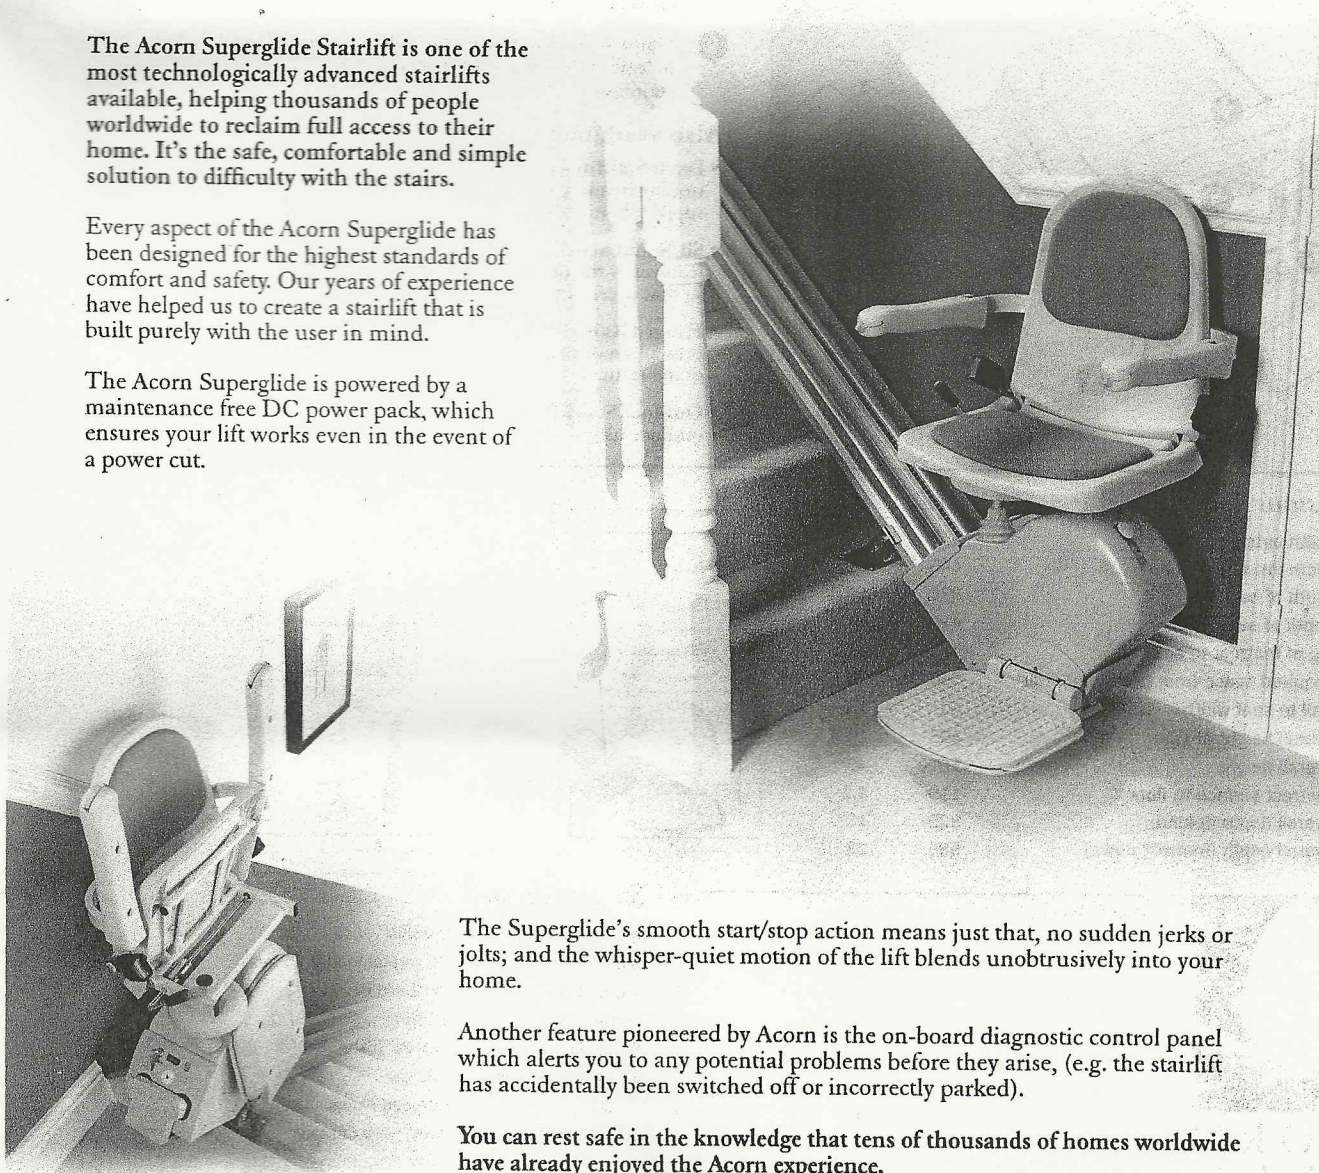

## The Acorn Superglide Stairlift

The Acorn Superglide Stairlift is one of the most technologically advanced stairlifts available, helping thousands of people worldwide to reclaim full access to their home. It's the safe, comfortable and simple solution to difficulty with the stairs.

Every aspect of the Acorn Superglide has been designed for the highest standards of comfort and safety. Our years of experience have helped us to create a stairlift that is built purely with the user in mind.

The Acorn Superglide is powered by a maintenance free DC power pack, which ensures your lift works even in the event of a power cut.

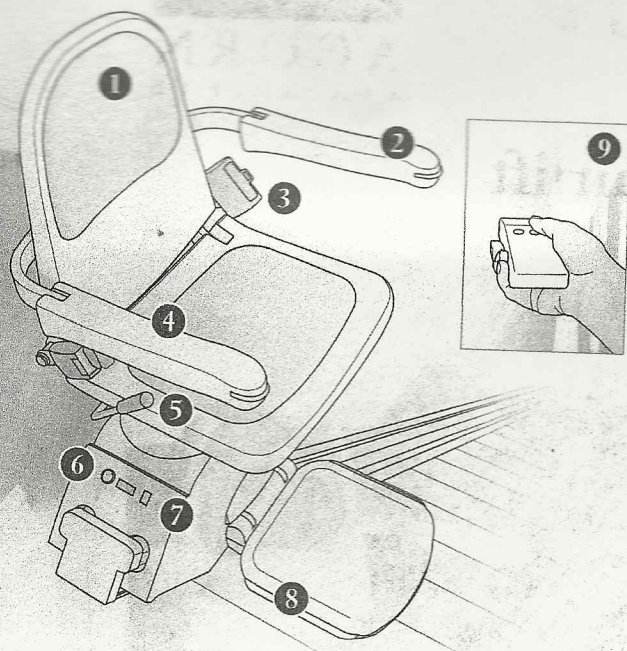

The Superglide's smooth start/stop action means just that, no sudden jerks or jolts; and the whisper-quiet motion of the lift blends unobtrusively into your home.

Another feature pioneered by Acorn is the on-board diagnostic control panel which alerts you to any potential problems before they arise, (e.g. the stairlift has accidentally been switched off or incorrectly parked).

You can rest safe in the knowledge that tens of thousands of homes worldwide have already enjoyed the Acorn experience.

GIVE YOUR LIFE A LIFT<sup>®</sup>

# A WEALTH OF *features* FOR YOUR BENEFIT

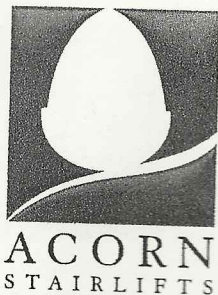

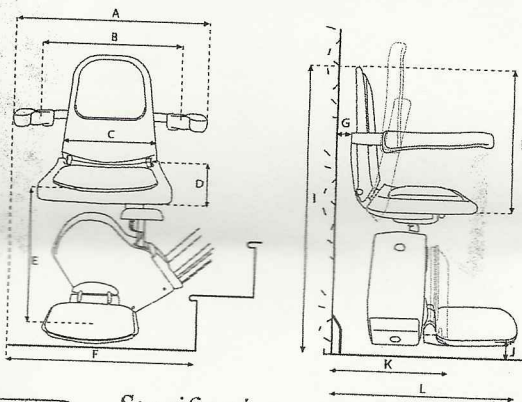

- ① Padded seat and backrest.
- ② Easy to use controls.
- ③ Secure safety belt.
- ④ Folding arms, footrest and seat allow easy access to the stairway.
- ⑤ Swivel seat - no need for twisting the body to get on and off the lift.
- ⑥ Lockable on/off switch allows the user to prevent others (e.g. children) from using the lift.
- ⑦ Diagnostic digital display informs the user of the status of the lift.
- ⑧ Five safety sensors on the footrest and carriage stop the lift automatically if any obstruction is encountered.
- ⑨ Hand-held remote controls allow users to 'call' or 'send' the lift up and down the staircase.

### Also available:

- **Perch Stairlift** - ideal for when the user may have trouble bending at the knee. Features ergonomic support handles for added security.
- **Sit/Stand Stairlift** - this model combines the features of the perch stairlift with the standard lift so that users can choose to sit or stand.
- **Hinged Rail** - for when a standard rail may present an obstruction to a doorway at the foot of the stairs.
- **Outdoor Stairlift** - fully weather-proofed for outdoor use.

# Independence

MADE *easy*

## The Acorn 80 Curved Stairlift

With the Acorn 80 Curved Stairlift, there's no longer any need to compromise your independence and struggle with the stairs in your home. Caring about your personal needs, Acorn truly can provide a solution that will make life easier for you. Whatever the reason, you can be proud to join the thousands of people all over the world who enjoy independent living at home, thanks to the Acorn 80.

With a built-in soft start and stop facility, the Acorn 80 gives you a smooth comfortable ride every time, and you can be sure that your stairlift is always ready for use thanks to the integral rechargeable battery pack, even in the event of a mains power failure.

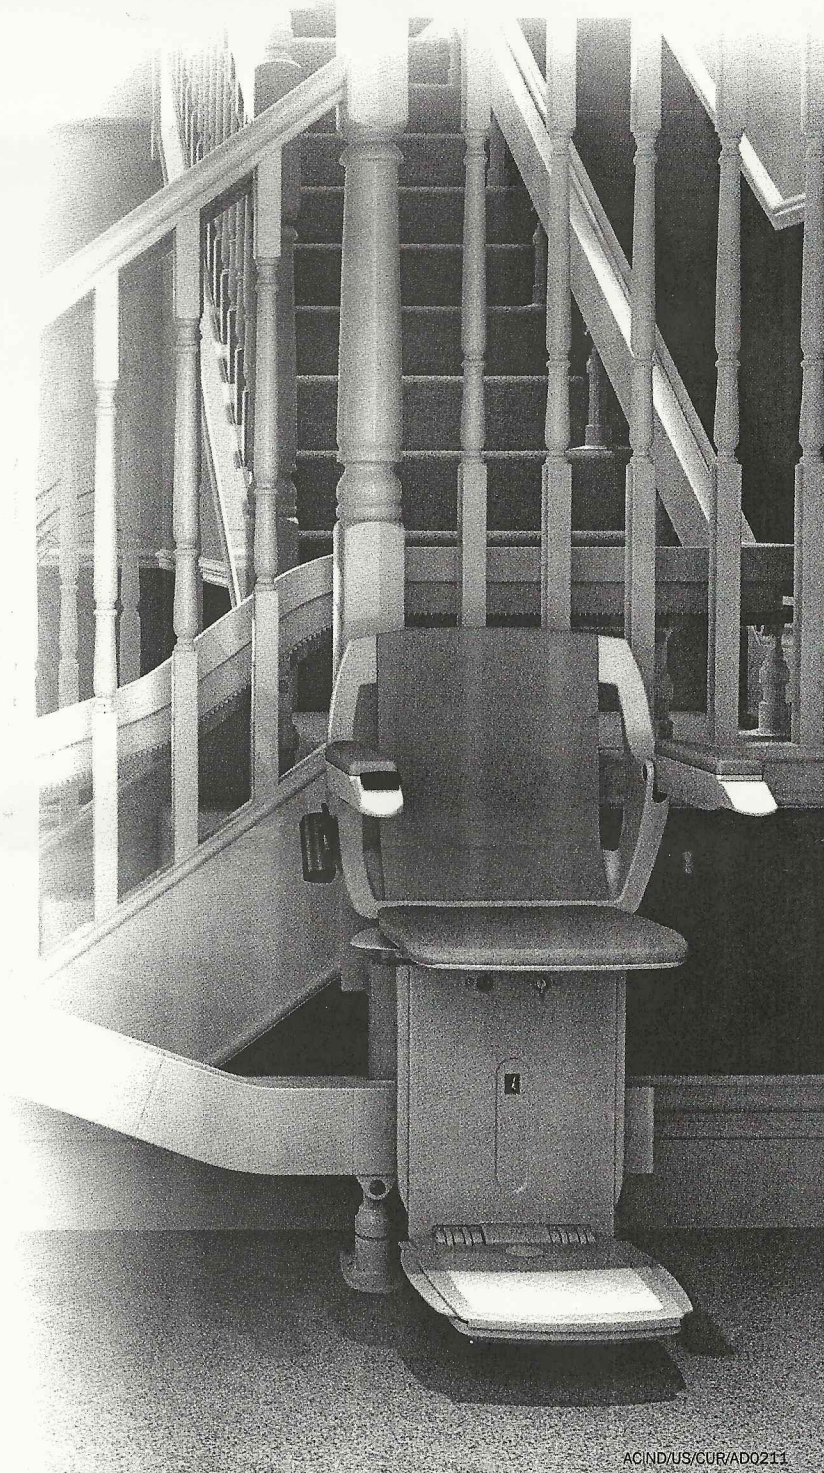

The Acorn 80 fits practically any curved staircase, and its slim, attractive rail fits to your stairs, so there's no damage to your home. Together with a smooth, quiet operation, an Acorn Stairlift is an attractive addition to any home.

The Acorn 80 has been carefully designed to include a wide variety of comfort and safety features, to provide you with many years of safe and reliable enjoyment of your stairlift. To ensure your lift is simple and effortless to operate, the Acorn 80 has also been designed with ease of use and comfort in mind.

The unique self-levelling transport system moves the stairlift carriage along the low profile rail and automatically adjusts the speed and level of the seat when moving round corners, providing an exceptionally smooth ride. The stairlift's electronic programming ensures optimum performance at all times.

The footrest of the Acorn 80 is extremely close to the ground floor level, and has no step; also it ends level with the top stair nose, giving easy access to the landing.

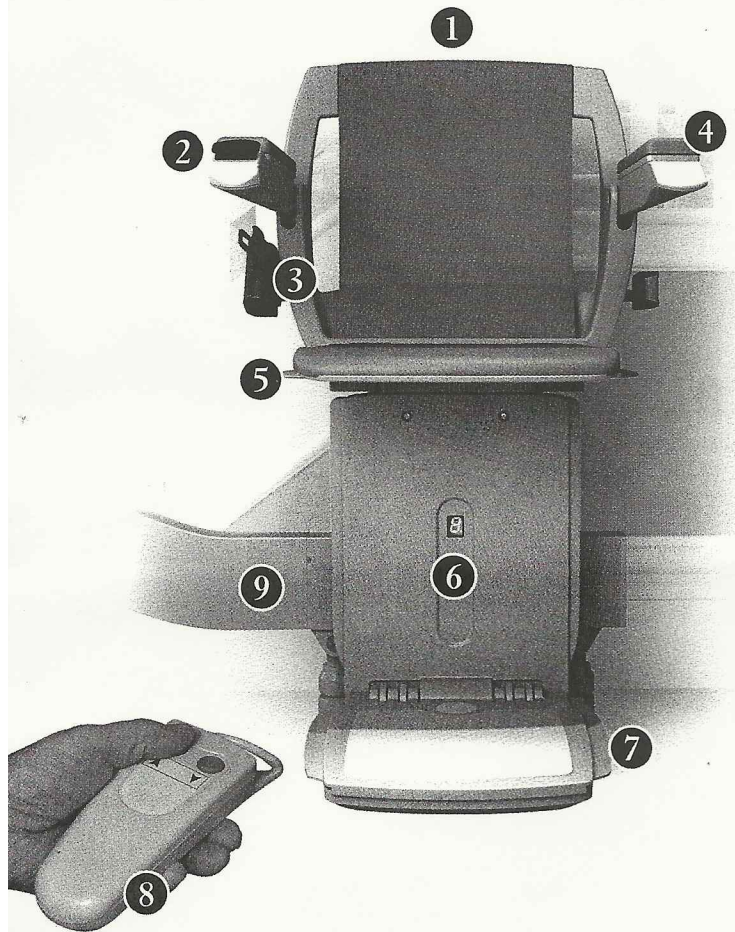

When not in use, the Acorn 80 can be folded away; its slim profile and unique inside parking ability ensures that the staircase is not obstructed, allowing other members of the household to use the stairs as normal.

A WEALTH OF

# features

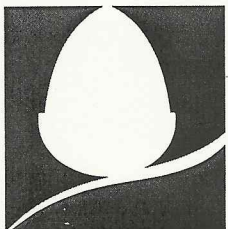

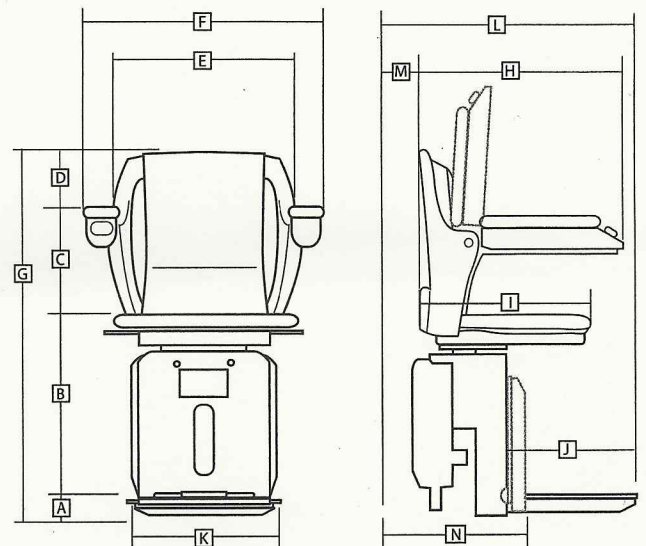

FOR YOUR BENEFIT

- 1 Padded seat and backrest.
- 2 Easy to use controls.
- 3 Secure safety belt.
- 4 Folding arms, footrest and seat allow easy access to the stairway.
- 5 Swivel seat - no need for twisting the body to get on and off the lift.
